Journals in Hardware and architecture

Showcasing processor design, digital logic, and embedded systems, this collection provides deep insights into hardware development. Featuring the latest research, design methodologies, and practical applications, these titles support engineers, researchers, and students in creating efficient, innovative computing devices. Addressing emerging trends like quantum computing

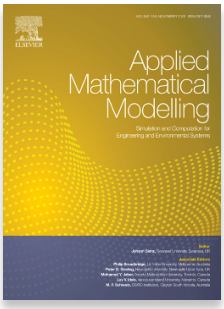
Future Generation Computer Systems

ISSN: 0167-739X

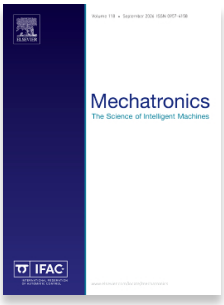
The International Journal of eScienceComputing infrastructures and systems are rapidly developing and so are novel ways to map, control and execute scientific applications which become more and more complex and...



Applied Mathematical Modelling

ISSN: 0307-904X

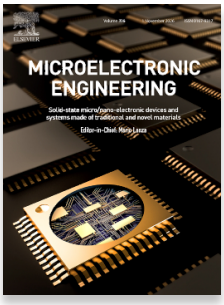
Applied Mathematical Modelling focuses on significant and novel scientific developments for mathematical modelling and computational methods and tools for engineering, industrial and environmental systems and processes...



Mechatronics

ISSN: 0957-4158

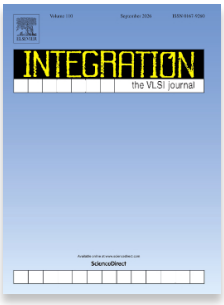
Mechatronics: The Science of Intelligent MachinesA journal of IFAC, The International Federation of Automatic Control.Mechatronics is an international refereed journal that publishes articles that report advances i...



Microelectronic Engineering

ISSN: 0167-9317

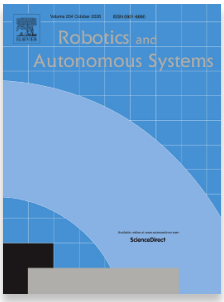
Nanotechnology and Processing — Electronics, photonics, MEMS and Life Sciences Affiliated with iMNEsMicroelectronic Engineering is the premier journal focused on the fabrication and characterization of micro/nano-...



Integration

ISSN: 0167-9260

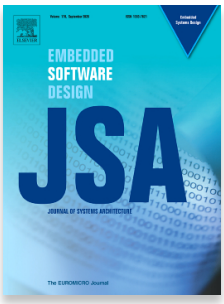
Integration, the VLSI JournalIntegration's aim is to cover every aspects of the VLSI (very large-scale integration) area, with an emphasis on the design, verification, test, and electronic design automation (EDA) technologies of...



Robotics and Autonomous Systems

ISSN: 0921-8890

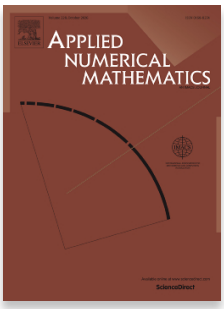
Affiliated with the Intelligent Autonomous Systems (IAS) SocietyRobotics and Autonomous Systems will carry articles describing fundamental developments in the field of robotics, with special emphasis on autonomous...



Journal of Systems Architecture

ISSN: 1383-7621

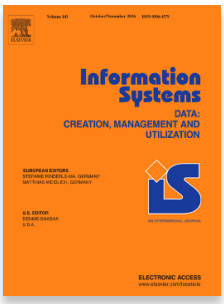
The Journal of Systems Architecture: Embedded Software Design (JSA) is a journal covering all design and architectural aspects related to embedded systems and software. It ranges from the microarchitecture level via the...



Applied Numerical Mathematics

ISSN: 0168-9274

An IMACS JournalApplied Numerical Mathematics provides a forum for the publication of high quality research and tutorial papers in computational mathematics.The journal publishes: • traditional issues and problems in...



Information Systems

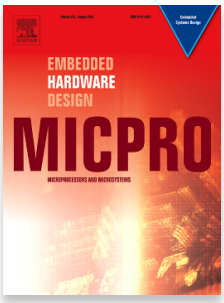
ISSN: 0306-4379

Databases: Their Creation, Management and UtilizationInformati... systems are the software and hardware systems that support data-intensive applications. The journal Information Systems publishes articles concerning...

Design Studies

ISSN: 0142-694X

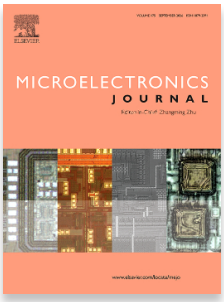
Design Studies The Interdisciplinary Journal of Design ResearchMission Our mission at Design Studies is to foster contemporary discourse and discoveries in the field of design. We commit to transcend traditional...



Microprocessors and Microsystems

ISSN: 0141-9331

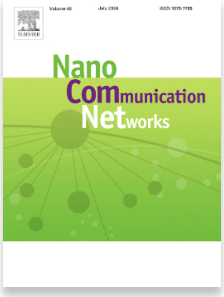
Embedded Hardware Design Affiliated with EuromicroMicroproces... and Microsystems: Embedded Hardware Design (MICPRO) is a journal covering all design and architectural aspects related to embedded systems hardware....



Microelectronics Journal

ISSN: 1879-2391

Published since 1969, the Microelectronics Journal is an international forum for the dissemination of research and applications of microelectronic systems, circuits, and emerging technologies. Papers published in the...



Nano Communication Networks

ISSN: 1878-7789

The Nano Communication Networks Journal is an international, archival and multi-disciplinary journal providing a publication vehicle for complete coverage of all topics of interest to those involved in all aspects of nanoscal...
